

The Office of the Registrar exists to support the College community by providing information and services to facilitate and promote the educational mission of the College. To that end, we are committed to ensuring the integrity, accuracy, and security of student academic records in compliance with applicable policies, laws and regulations. We strive to provide timely, accurate and cost-effective services related to course information, student enrollment, registration, grade reporting, graduation, and academic certification of current and former students. Additionally, we support the overall mission of the College by interpreting and administering institutional and academic policy in a fair and consistent manner. We continually strive to seek ways of improving our service to students, faculty, staff, and alumni through the use of improved technological methods that facilitate efficiency. Above all, we are committed to responding to the needs of our constituents in a courteous, fair and respectful manner.
