Instructions

Seller

If all entries have been completed and an officer of the organization has signed the certification, you may accept it to exempt sales to the organization named. The exempt organization must be the direct purchaser and payer of record. Any bill, invoice or receipt you provide must show the organization as the purchaser. Payment must be from the funds of the exempt organization.

Do not accept this form to exempt sales of motor fuel or diesel motor fuel, including No. 2 heating oil (see Purchaser section).

The exempt organization must give you certification at the time of the organization's first purchase. A separate document is not necessary for each subsequent purchase, provided that the exempt organization's name, address, and certificate number appear on the sales slip or billing invoice. The certification is considered part of each order and remains in force unless revoked.

If a certification with all entries completed is not received within 60 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must keep this Exempt Organization Certification for at least three years after the date of the last exempt sale substantiated by the certification.

Purchaser

Complete this certification and give it to the seller. This form may be reproduced without prior permission from the Tax Department.

Your exemption from New York State and local sales and use tax does not extend to officers, members or employees of the exempt organization. Personal purchases made by these individuals are subject to sales and use tax. An organization's exemption does not extend to its subordinate or affiliated units. When making purchases, subordinate units may not use the exemption number assigned to the parent organization. Such misuse may result in the revocation of the parent organization's exemption.

You may not use this form to make tax exempt purchases of motor fuel or diesel motor fuel. Since No. 2 heating oil falls within the definition of diesel motor fuel, you may not use this form to purchase it tax exempt. You must use Form FT-1025, Exemption Certificate for Certain Taxes Imposed on Diesel Motor Fuel and Propane or Form FT-1025, Certificate for Exemption from Certain Taxes Imposed on Diesel Motor Fuel, to claim exemption on heating oil.

Hospitals that have been granted an exemption from sales and use tax pursuant to section 119(a)(4) of the Tax Law may claim exemption on the purchase of motor fuel by using Form FT-937, Certificate of Sales Tax and Motor Fuel Tax Exemption for Qualified Hospitals.
