

Union College Wireless Network Registration

Registering

1. Connect your computer to the Union College Wireless Network. The SSID name is union. Open Internet Explorer or another web browser. You will be automatically redirected to the Union College Responsible Use Policy Web Page. Read thru the policy and then scroll down to the bottom of the page to accept the policy and continue with the registration process.

Please read the following Policy on Responsible Use of Union College Computing and Network Resources
Dated 6-8-2006

Scroll down to read the entire policy and then click on the Accept button to continue. By clicking on Accept, you agree to this policy

Accept

2. You will be automatically redirected to the Registration Web Page. Click on the **Start** link for **Union College Network Users** to begin the registration process.

WELCOME TO UNION COLLEGE NETWORK

To gain network access users are required to adhere to our established registration policies. Please select one of the following options:

UNION COLLEGE NETWORK USERS

Users who have a Union College Network account
(Students/Faculty Only. Administrative Staff Please Contact ITS).

Access : Internal and External networks

3. You will be redirected to a login page. Enter your Username and password to click on the **Download** button. Your username and password are the same as your Union College email username and password (i.e. smithg, 1234567).

DOWNLOAD

Please enter your user name, password, and select your device type. Your username and password are the same as your Union e-mail username and password. Then click the button to download / run the Client Security Agent(CSA) on your machine.

>> [Instruction](#)

User Name	<input type="text"/>
Password	<input type="password"/>
<input type="button" value="Download"/>	

4. Follow the steps on screen to complete registration. Please be patient while the CSA application scans your machine. It will scan your computer to make sure that it meets the minimum operating system and security requirements for Union's network.
5. Upon successful completion of the security scan, your network connection will be re-established. Please restart your machine at this time.
