   Monday, June 11th, 4:00 – 5:30 PM

2. Who can make the FCID meeting with Stephen and Therese this coming Friday?

3. The final version of our Mission Statement is:

   As a broad coalition of faculty members, we will work together with the shared understanding that inclusiveness, equality, and acceptance of differences are all essential for a productive and respectful learning environment. To achieve this form of community, we actively promote:
   - dialogues across differences
   - greater representation of historically underrepresented groups on campus
   - the development of global citizenship

4. Collectively, put together an agenda for Friday’s meeting with Stephen and Therese. I will send this to both of them so they can see what we wish to talk about and ask them to add their own suggestions. I know that Therese has some particular topics she wants to discuss/present to us.

5. Subjects for the June 11th meeting?
   - Format and makeup of the panel discussion on “Sensitive issues in the Classroom” at New Faculty Orientation in September
   - Progress on establishing a mentoring program for new faculty
   - Specifics on what we want to do to help new faculty searches in the fall
   - List of campus groups working to promote diversity at Union (FCID, Allies, COT....)
