

Permanent Collection & Mandeville Gallery

Located on the second floor of Schaffer Library in rooms 212 and 241, the staff of the *Union College Permanent (Art) Collection* and *Mandeville Gallery* are responsible for stewarding over 2,900 artworks and items of material culture held in the collection, and for producing contemporary art exhibitions in three campus locations.

The *Union College Permanent Collection (UCPC)* holds significant visual art resources from internationally recognized artists, as well as Eastern and ancient cultures. Our strongest collections consist of historic 19th century scientific instruments, ancient Asian ceramics, fine art prints on paper, and 19th century portrait paintings. Many artworks from the UCPC are installed around campus in departmental buildings, administration offices, and throughout the library, and include informational labels. Images and details of a number of sub-collections can be found on our website:

The Galleries are comprised of the *Mandeville Gallery* on the 2nd floor of the Nott Memorial, the *Wikoff Student Gallery* on the 3rd floor of the Nott, and the *Castrucci Gallery* located in the Peter Irving Wold Center. Additionally, the annual Art Installation Series, featured in the library's first floor Learning Commons, is curated and produced by our staff. All exhibitions, as well as our events programming which includes artist talks, receptions, and demonstrations, are open to the campus and the community during academic terms.

Information about exhibitions and event can be found on our website:
