Start Your Research Early.
It gives us time to help you find and get what you need.

Try Summon.
Try beginning your research with the Summon discovery tool at www.union.edu/library.
It’s a great way to narrow or refine your topic.

Checkout Adaptors & Chargers.
If you forget something, the library may have it. We have a selection of power adapters and chargers available at the Circulation Desk.

Watch Your Stuff.
There’s nothing worse than losing your laptop the day before your paper is due.
Please do not leave your belongings unattended.

Don’t Panic!
The staff at the Circulation and Reference Desks can help. Stop by, email us at reference@union.edu, or call Circulation at 388-6280.
