Traveling on business requires attention to a number of unique details that are not related to your primary job responsibilities. A study from the Global Business Travel Association shows that 75 percent of travelers encountered a mishap while traveling to their business destinations. Your employer has provided you with business travel accident insurance coverage, along with travel assistance services, to help you with travel mishaps or emergencies during your business trip, in case you experience anything from a medical emergency to a security issue or even flight delays or lost luggage. We are here 24 hours a day, 7 days a week to support you.
Accident & Sickness Medical Expense Coverage with 24/7 Assistance Services

As part of your company’s business travel accident program, you also have out-of-country accident and emergency sickness medical expense coverage. If you suffer a covered injury or contract an emergency sickness that requires you to be treated by a physician while traveling outside of your country of permanent residence during any trip as defined by the policy, the company will pay the usual and customary charges incurred for covered medical services received due to that injury or emergency sickness up to the benefit maximum. This benefit is payable for such charges after the deductible has been met.
