

Drug Coverage

Our prescription plans are easy to use and include around-the-clock answers to your drug coverage questions.

CDPHP® is proud to be affiliated with Caremark®, a leading national prescription benefit manager.

Rx Network

Find a pharmacy near you by going to Find-A-Doc at findadoc.cdphp.com.

Log onto a secure Caremark website at www.caremark.com or contact Caremark by telephone 24 hours a day, seven days a week to find out:

- ▶ If a particular drug is covered.
- ▶ How much you can expect to pay.
- ▶ If there is a generic alternative.

Rx Corner at www.cdphp.com also contains answers to many frequently asked questions.

Understanding the formulary

CDPHP has a formulary, or list of covered drugs, which is compiled by a committee of physicians and pharmacists and includes drugs that are proven to offer clinical and cost advantages—as compared to other, similar products. Check your CDPHP member ID card to find out which formulary is available with your health plan.

The formulary tier assigned to a drug determines how much you will pay for it. If you have three-tier coverage, tier 1 drugs generally cost the lowest copayment; tier 2 drugs require the middle copayment; and tier 3 drugs are covered at the highest amount. Excluded drugs are covered only by medical exception. (Your doctor could apply for a medical exception if he or she believes that you need an excluded drug due to medical issues.)

Mail Service*

If you take maintenance drugs, consider signing up for the Prescription Mail Service, which allows you to obtain up to a 90-day supply of drugs mailed to your home. Maintenance drugs are defined as medications taken regularly to treat or prevent a chronic health condition such as, but not limited to, high blood pressure, diabetes, and asthma. Locate forms and information in Rx Corner at www.cdphp.com.

Save even more: 100 pills for as little as \$1

CDPHP Rx for Less is a free program that offers members with prescription coverage deep discounts on specified generic drugs when purchased at CVS, Hannaford, Price Chopper, Shop Rite, or Walmart. Visit www.cdphp.com for a full list of drugs in the Rx for Less program.**

* Specialty pharmacy agents, including injectables and certain drugs used to treat hepatitis C, HIV, multiple sclerosis, and other serious conditions, are not eligible for this program. Get more information about specialty drugs at <https://www.cdphp.com/members/rx-corner/specialty-drugs>.

** Rx for Less does not apply to Mail Order Service.
