

Sleight of Hand

September 28, 2017

12:30 to 2:30 PM

Old Chapel

Presented by Frank A. Tate, Jr.

The handwritten word can say as much about its writer as about the subject it addresses. Join Frank A. Tate, Jr., retired Colonie Town Judge, for a UCALL Special Event on the art, science, history and practice of graphoanalysis. The presentation will include a look at celebrated written phrases, famous signatures and UCALL members' handwriting samples (if you dare), and a consideration of the phenomenon of graphotherapy.

Coordinated by Anna Saville
