<b>Fire Drill Dates All Buildings</b>
2/5/2019
4/16/2019
9/12/2019
11/7/2019

Unless otherwise noted, all Union College fire alarm systems within residential buildings contain smoke detection in each sleeping area, hallway, and common area. These devices are tied into a central fire alarm panel within the building and transmitted to a central monitoring station that is manned 24 hours a day by Union College Campus Safety.

As per New York State Fire Code, Union College notifies the local Fire Department upon receiving a general building fire alarm. In addition to our 911 link, Union College has direct radio communication abilities with the Schenectady Fire Department.
