Dear Community

This is a reminder to members of the campus community to lock your vehicle at all times and remove valuable property. Any items of value left in vehicles should not be visible.

Recently, a number of vehicles on campus and in the surrounding neighborhood have been entered and had items removed. All of the vehicles were unlocked.

In some cases, we have been able to apprehend the offenders through eyewitness reports and camera surveillance. We encourage the community to report suspicious person(s) loitering in parking lots or trying car doors, or any other unusual activity. Do not confront an individual.
