A completed request consists of this form and any additional materials/documentation that includes particular details. The provider may not be someone with whom you have a significant emotional relationship (e.g. parent, sibling, or other relative).

Returning Students Please Note: All requests will be reviewed on a case-by-case basis and documentation of a specific need or disability does not guarantee that your request will be approved. Assignments are approved only if deemed necessary by the College and only if the space is available. Assignment to a specific residence or roommate is not an accommodation. All students approved for special request housing are not eligible to participate in the room selection process, but will receive a housing assignment with the approved accommodations. A student who requests disability housing accommodations through this process has 10 business days to accept or decline the accommodation from the date the accommodation is offered.
