- 1 Graduation rates are based on a cohort of full-time, first-time, first-year students and do not include students who have transferred into the college from another institution.
- 2 Because providing substantial preparation for students to enroll in other institutions is not part of the commission, transfer-out rates are not calculated.
- 3 Data by financial aid category is a good faith effort to comply with the Higher Education Act provision that became effective in August 2008.
