

Calculus Help Center: Last night is Tuesday, November 11

Imagine being in a room for two-and-a-half hours and anyone who enters could ask you a question on almost any topic in Math 105, 110, 113, 115, or 117? And, not only are you expected to answer the question but to be able to explain it in an understandable fashion? That is the task of our dedicated Calculus Help Center tutors! Let's give a well-deserved **THANK YOU** to **Ananya Gupta, Ramissa Khan, Nabeel Naqvi, Dang Nguyen, Avi Paudel, and Jonah Sagarin**. You have helped many students this term. The Math Department and its students truly appreciate your efforts.
