- **Winter Club Expo**
  - This is not something we need to vote on- just consensus on if we are in support
  - Gives students more space for campus involvement, especially those who are returning or were overwhelmed.
  - CS: Club leaders did lose access to Uniflow already
  - LD: the email said we will be losing access but we have not ended the contract yet, while we are still learning what Presence can do.
  - ES: Are there different clubs in the winter?
  - MT: Only difference would be new clubs and organizations that were approved this term
  - LD: Share why we are entertaining a winter expo
  - MT: It came up in a committee meeting that students were looking for this
  - MA: Gives space for club leaders who were overwhelmed and could not get together for the fall expo
KO: this also creates a low stakes space for new leaders to try out leading their club and get people involved.
SandeepA: I agree it would be really helpful for me as a young club leader
SophiaA: This could also force club leaders to get on Presence and start using the platform
JN: I agree with everyone and I am very for it.

- Winter Term Schedules
  - Meetings will hopefully not be Fridays at 4:45pm
  - Next week you will get an email asking for your bare minimum commitment schedules so we can find another time for next term.

- Late Night Breakfast alternative
  - Typically on reading day right before finals. It's really fun! We work with dining staff and forum funds it
  - Any opposition to funding something like this with dining services members
  - SV: No let's do it

- Restaurant Discount Initiative
  - CG: Carlos, Lani and Gwen are working to get discounts for Union students with local Schenectady restaurants.
  - We will be putting together stickers that will go outside the restaurants so we know which ones
  - The initiative needs about $100 to purchase around 50 stickers.
  - SA: Motion to approve $100 for 50 stickers from student forum budget for the restaurant discount initiative.
  - SV: Seconded
  - In favor: 16 Opposed: 0 Abstain: 0
